

## Hallmark Recordable Cards with Music

More than 30 holiday Recordable Cards both with and Without Music are available from Hallmark. Each allows the sender to record a 10-second voice message directly into the card. When opened, the recipient will hear the familiar voice of the sender. The Recordable Cards with Music are then followed by a 30-second clip of a pre-recorded song including classics such as the “Winter Wonderland,” “We Wish You a Merry Christmas” and “Rockin’ Around the Christmas Tree.”

Recordable Cards with Music retail for \$5.99 each.
